

GOOD ACCOMMODATION AT A REASONABLE PRICE

## Hotel Cabin

Hotel Cabin is a popular budget accommodation hotel that was opened in May 1997 and had only the small budget standard rooms in the beginning. In 2007 the hotel was renovated and added a new building where we have the superior rooms. At the same time, we added the 7th floor with the superior with view room.

In 2015 all the standard rooms were renovated (including new floors) and a few of the standard rooms were combined into family rooms. Summer 2019 we renovated all our superior with view rooms on our top floor and added 8 new rooms as well. The hotel has now 257 rooms in total. Each room is equipped with a television, telephone, private bathroom, coat rack, and free WiFi.
